

# Export employee

As an Export Employee at AWL, you will ensure a smooth flow of goods in cooperation with external parties. Together with the Project Coordinator you coordinate the requirements and planning for the transport of our machines that are delivered internationally to our customers. In doing so, you ensure the correct (customs and shipping) documents and correct administrative processing (pro forma invoice, CMR, etc.). In addition, you make an active contribution to preparing our machines for transport.

**Your responsibilities:**

- Coordinating and notifying shipments, both packages and large machine transports.
- Loading and unloading goods, including the use of a forklift truck.
- Contributing to process optimisation within the department.
- Administrative tasks such as preparing documentation and processing shipments.
